BRIGHTER FUTURES BUTTERFLY WALL

By naming a butterfly you will be supporting the work of the Great Western Hospitals NHS Foundation Trust and its work to help save lives, renew hope and restore health within the local community.

The inscription on your butterfly can thank friends and family, commemorate births or special anniversaries, remember the passing of a loved one or simply say 'thank you'.

You'll be able to see your butterfly on the butterfly wall on the ground floor at the Great Western Hospital.

SHOW YOU CARE

Whether it's a cake sale or a marathon, fundraising and volunteering efforts from you, our local community, has helped change the lives of thousands of patients in Swindon and surrounding areas.

Every penny given to Brighter Futures helps make a difference to our patients at what is often the most difficult and vulnerable time in their lives.

Your donations have supported a diverse array of initiatives all across the hospital and community health service. These include purchasing outdoor play equipment on the Children's Ward, funded a pilot of a Sepsis Nurse, transformed our elderly patient ward into a dementia friendly environment and purchased sensory equipment for children with special needs.

Naming a memorial butterfly in aid of a worthy cause is something my late parents would have appreciated. I'm looking forward to seeing patients benefit from the funds raised.

Helen Swindon

Naming a butterfly and being able to see it every time we visit the hospital makes it special. It is there to say thank you for the great care that our family has received over the years from Great Western Hospital. The staff who work here and care for us are amazing
